.NET Framework	**Unit Testing**
Full Stack Web Application Design	**Software Development Lifecycle**
C# Fundamentals	**Agile Scrum Methodology**
Database Management	**Continued Growth in IT Knowledge**

TECHNICAL AND PROFESSIONAL SKILLS

Front End: HTML5, JavaScript, jQuery, jQuery, CSS3, Responsive/Mobile Web Development, Bootstrap, ReactJS

Middle Tier: C#.NET, ASP.NET, LINQ, MVC, EF, ASP.NET Web API

Back End: ADO.NET, SQL, SQL Server

Tools: Visual Studio, Visual Studio Code, SSMS

Professional Skills: Troubleshooting, Critical Thinking, Communication, Project Management Fundamentals, Teamwork, Pair Programming

INDEPENDENT DEVELOPMENT PROJECTS

- **Fed1Studio Project**: Created a secure application in Visual Studio from scratch, using only HTML, CSS, and JavaScript.
- **Dungeon Application**: Created a secure application with Visual Studio using C# fundamentals. Created an original theme for a randomized game and customized the game functionality.
- **Personal Site:** Created a secure application for displaying programming abilities and skills learned as a developer by linking completed projects using Visual Studio. Application also displays HTML resume for employers to quickly evaluate skill set, and a means for employers to contact easily through the website.
- **StoreFront**: Created a secure application for managing product data. Application is built to simulate an online store front with a shopping cart. Administrators will have the ability to manage product, category, and vendor data.
- **S.A.T. Scheduling Administration Tool:** Created a secure application for managing product data. Application is built to simulate an online class scheduling system. Administrators will have the ability to manage students, courses, scheduled classes, and enrollments.
- **Real client site –** Widow I Go from Here: Created a secure application for client looking to update her website with up to date design and functionality. Languages and technologies used were C#, MVC, SQL, JavaScript, Bootstrap, ASP.Net., LINQ, ASP.NET Web API.
