## TECHNICAL SKILLS

---

*Programming:* Java, Python, JavaScript, SQL

*Operating Software:* Windows, Linux, MacOS

*Security Tools:* Nmap, CrowdStrike, Splunk, Nessus, Metasploit, Wireshark

## EDUCATION

---

**Aurora University**, Aurora, IL May 2023  
Bachelor of Science in Computer Science  
Bachelor of Science in Cyber Security

**Thinkful Cybersecurity Bootcamp** July 2022- February 2023

## EXPERIENCE

---

**National IT Intern** November 2022 – Present

*ALDI*

- Technical analysis
- Ensure compliance across all system applications
- Incident response lifecycle

**Cyber Security Intern** | Information Technology Services August 2022 – December 2022

*Aurora University*

- Network Security Policies
- End-Point-Detection and Response Audit
- Asset Management

**Helpdesk** | Information Technology Services January 2022 – August 2022

*Aurora University*

- Software/Hardware Troubleshooting
- Technical documentation
- Respond to and resolve client tickets

## CERTIFICATIONS

---

CompTIA: A+ Network+ Security+ CySA+ PenTest+ CASP+

**Featured in article on CompTIA website:** [How CompTIA Made the Impossible, Possible for an IT Student](#)

## PROJECT

---

### **ALDI Paid Time Off Application**

- Developed a web application that consists of a front end with multiple UIs, and a fully operating back end
- Presented and conducted a live demonstration of the web application to the client, consisting of full functionality

### **Cyber Security Detection & Monitoring Lab**

- Created a network that simulated a small enterprise for practicing threat detection systems
- Conducted simulations of offensive and defensive tactics for adversary emulation and incident response
