PROFESSIONAL SUMMARY

IT support and software development professional with a strong background in **entrepreneurship**, **full-stack development**, and **custom algorithm creation**. Began with **raw SQL development in 2019** and advanced to building complete web applications using **Django, Angular, PHP, React**, and various **JavaScript libraries**. Recognized for **attention-to-detail architecture**, precise data handling, and exceptional problem-solving skills — qualities directly aligned with roles that require **reading data, testing processes, and generating accurate reports**.

Former owner of a successful **online coaching business** serving hundreds of clients for fitness influencers, leading a team of **3–5 employees** while managing sales, client relations, data tracking, and custom program development.

Adept at **application testing, QA, and data analysis**, with proven ability to create **scalable, efficient applications** across diverse stacks. Skilled in leveraging **AI tools** to improve speed, accuracy, and adaptability. **Bilingual in English and Spanish**, with strong communication and documentation skills. Currently pursuing a **B.S. in Computer Science** at Rutgers University – Newark while applying advanced coding skills in professional and freelance projects.

TECHNICAL SKILLS

- **Languages & Frameworks:** JavaScript, PHP, Python (Django, Flask), SQL, HTML5, CSS3, React, Angular, Node.js
- **Databases:** MySQL, MongoDB
- **Front-End Libraries & Tools:** Bootstrap, Spectra, Elementor, WordPress Components
- **Platforms & Tools:** WordPress, Shopify, Git, Postman, Figma, Microsoft Office Suite (Excel, Word, PowerPoint, Outlook)
- **Specialized Skills:** Application testing, network troubleshooting, data analytics, algorithm design, UI/UX design, API integration, SEO optimization, AI-assisted development
- **Languages:** English (Fluent), Spanish (Fluent)

PROFESSIONAL EXPERIENCE

IT Support & Web Application Developer
Rutgers University – Newark, NJ | May 2025 – Present

- Perform **functional testing, data validation, and quality checks** on a custom **Angular/PHP** application used across multiple departments.
- Develop and refine **custom algorithms** to automate workflows, improve approval processes, and enhance reporting accuracy.

- Use **SQL queries, Excel analytics, and AI-assisted tools** to create detailed performance reports, monitor usage patterns, and recommend optimizations.
- Collaborate with supervisors, deans, and IT staff to identify system requirements, troubleshoot technical issues, and ensure application readiness.
- Maintain detailed documentation of testing results, bug reports, and resolutions for system integrity and compliance.

Freelance Web Developer
Net-Mundo – Lodi, NJ | May 2023 – Present

- Partner with **multiple small businesses** to design, build, and optimize websites on WordPress and Shopify, focusing on performance, SEO, and user engagement.
- Conducted **end-to-end testing and debugging**, ensuring cross-device compatibility and secure data handling.
- Provided **data-driven performance analytics** and actionable recommendations to improve site functionality and business outcomes.

Owner
FitFirm247 – Morris Plains, NJ | Sep 2017 – Apr 2022

- Founded and managed an online coaching business serving over 120 clients monthly.
- Built SQL-based automation tools to streamline diet and workout plan creation.
- Led a bilingual team (English/Spanish), providing customized service for diverse clients.

ADDITIONAL WORK HISTORY

- **International Sales Representative, Shredz Supplements** – Jersey City, NJ | Sep 2014 – Jun 2017
  Managed online coaching programs for fitness influencers, conducted client outreach, and executed targeted social media marketing campaigns.
- **Receiving Manager, Buy Buy Baby** – Livingston, NJ | Apr 2013 – Sep 2014
  Oversaw inventory logistics, implemented process improvements, and trained staff.
- **Sales Manager/Associate, Verizon Wireless Depot** – Lake Hiawatha, NJ | Dec 2010 – Jun 2013
  Delivered top sales performance, trained staff, and implemented lead generation strategies.
